PREFACE

This document includes a catalogue of First Day Covers (FDCs) issued between 1991 and 2000 by Philatelic Bureau in Sri Lanka. Total FDCs issued during this period was 184 and are catalogued according to each year they are released. This would serve as a reference document to enthusiastic collectors as well as those who are curious to view the FDCs released even if they don't have one in their collection. This can be used by collectors to identify the missing items and seek them by taking this document (either in pdf form on their device or printed) to stamp fairs and even checking with other stamp resellers. Stamps has been listed using the Stanley Gibbons catalogue.

As always, this effort to create the document is one which is more for my personal use but want to share with other collectors too. If there are mistakes in the document, I humbly request you to please let me know as soon as possible so that I can release a new version so that those who download after would have a more accurate catalogue. My contact details are given below.

It would not have been possible to create this document without the help of other collectors/philatelists in the form of providing images, verifying information, giving ideas to improve the document and moral support. I am very much grateful to each of them.

In no particular order

- Mr. Prageeth Abeygunarathna

- Mr. Charitha Jayathilaka
- Mr. Gamini Silva

If you have more information, images to improve this document, please send them via email, WhatsApp or by giving me a call. A combined effort will help us to provide good documentation to philatelists who collect Sri Lankan philately items.
